**В какой компании сейчас работаете?**

В данный момент я работаю в Facebook. В эту компанию я только перешла (январь 2020), до этого работала в Kindle, Amazon.

На какой должности?

Product Designer.

В каких проектах участвовали?

В Amazon я проработала четыре с половиной года. За это время я работала над Kindle Newsstand (улучшила страницы товара журналов), Subscribe with Amazon (совершила [редизайн страниц подписок и](#) редизайн опыта продавцов по публикации их товаров на Amazon),

[Kindle Education](#) ([разработала UI/UX дизайн онлайн курсов по Экономике и Биологии](#), а также разработала дизайн оттоловой покупки электронных книг на

Amazon и распространении их студентам.) В свой последний год в Amazon я работала над опытом электронного чтения, эти проекты все еще под договором о неразглашении. Я так же стала экспертом в

Какие задачи выполняете?

Как Product Designer я вовлечена во все аспекты создания продукта, от генерации идей для следующих инноваций компании, до поддержки запуска продукта. На своей должности я задействую свои навыки и знания в сферах дизайна продукта, дизайна пользовательского опыта, построения информационной архитектуры, прототипирования, тестирования продуктов с пользователями, и визуального дизайна.

Назовите самый сложный и яркий проект, которым вы гордитесь.

Rezenze na počítačovou akademie Step

Veškerý kurzy | Programování | Počítačová grafika a design | Programování pro děti | Malá počítačová

Tuto akademii můžu doporučit. Studuji grafiku design. Člověk získá mnoho zkušeností a cenných rád, které jen tak nenajde. Dík patří i skvělým lektorům, jejich trpělivosti a snahu pomoci ostatním. Získají se tu nejen potřebné znalosti a posunout se někam dál, ale i přátelé, kamarádi a skvělí lidé.

Coming soon

Benedikta Osu

Od února navštěvují kurz UX a UI a ačkoli už v oblasti nějakou dobu pracují, jsou naprostě spokojená s výukou. Akademie poskytuje příjemnou atmosféru, znalé lektory i zázemí.

Chodím do této školy prvním rokem a za ten ani ne jeden rok jsem se naučil hodně věcí předtím než jsem se přišel jsem z počítačem neuměl myslit jsem že je počítač jenom pro hry ale to jsem nevěděl co na počítači dí dělat.

Michael Boháček

Jsem momentálně 5. měsícem studentkou STEP IT Academy. A jsem upřímně ráda, že jsem si zvolila konkrétně tuto akademii pro studium grafického designu.

Náš lektor je velmi zkušený, můžete se ho zeptat na jakoukoliv otázkou a vždy vám hned odpoví.

Celý Academy management je vstřícný a připravený pomoci s jakýmkoli problémem, který byste mohli/a mit během studia. Pokud nemůžete (nebo si myslíte, že nemáte dost disciplíny)) pracovat z domova, můžete přijít do akademie v běžné pracovní době a použít jejich počítač.

Katerina Smidovych

Kurz super... lektor výborný. Domluva s managementem IT Stepu dobrá. Jediná věc je hardwarové vybavení ale když si přinesete vlastní MacBook tak je to super.

Description

Objective:

Verify key SEO components and technical configuration of the homepage to ensure proper indexing and visibility in search engines.

Test Scope:

- Basic technical status
- Meta information
- Headers hierarchy (H1/H2)
- Canonical and hreflang tags
- Structured data (JSON-LD)
- Robots.txt and sitemap.xml availability
- Image accessibility (alt attributes)

Environment:

- Browser: Chromium (Playwright default)
- Tool: Microsoft Playwright v1.56+
- URL: <https://praha.itstep.org/ru>

Test Summary

Field	Description
Total test cases	7
Executed by	Artem Goncharov

Tool	Playwright
Result	7/7 passed (warnings: missing robots.txt and sitemap.xml, images missing alt)
Conclusion	The homepage is mostly SEO-compliant; however, accessibility and indexing files should be improved.

```

získalo kvalitní IT vzdělání v naší Step It Academy

Tuto akademii můžu doporučit. Studuji grafiku designu. Člověk získá mnoho zkušeností a cenných rád, které jen tak nenašel. Díky patří i skvělým lektorům, jejich trpělivosti a snahu pomoci ostatním. Získají se tu nejen potřebné znalosti a posunout se někam dál, ale i přátelé, kamarádi a skvělí lidé.

Coming soon

Chodím do této školy prvním rokem a za ten ani ne jeden rok jsem se naučil hodně věcí předtím než jsem sem přišel jsem z počítačem neuměl myslíl jsem že je počítač jenom pro hry ale to jsem nevěděl co na počítači dá dělat.

Pavel Tuška

Coming soon

Od února navštěvují kurz UX a UI a ačkoli už v oblasti nějakou dobu pracuji, jsem naprosto spokojená s výukou. Akademie poskytuje příjemnou atmosféru, ználektory i zájemci.

Michaela Horníková

Jsem spokojený od března jsem docházel na programování Pythonu a lektor Suché byl excellentní. Já a jedna studentka jsme si našli práci testera cca 1-2 měsíce před dokončením kurzu. Ještě mě čeká závěrečná zkouška. Uvidíme jestli svůj projekt zvládnutu zhotovit, ale předpoklady na to jsou.

Kurzy v Stepu bych doporučil lidem, co jsou ochotní se učit i doma, bez toho a bez nevynechání hodiny to nejde.

Michael Boháček

Jsem momentálně 5. měsícem studentkou STEP IT Academy. A jsem upřímně ráda, že jsem si zvolila konkrétně tuto akademii pro studium grafického designu.

Náš lektor je velmi zkušený, můžete se ho zeptat na jakoukoliv otázku a vždy vám hned odpoví.

Celý Academy management je vstřícný a připravený pomoci s jakýmkoli problémem, který byste mohli/la mit během studia.

Pokud nemůžete (nebo si myslíte, že nemáte dost disciplíny :)) pracovat z domova, můžete přijít do akademie v běžné pracovní době a použít jejich počítač.

Kateřina Smidových

Kurz super... lektor výborný. Domluva s managementem IT Stepu dobrá. Jediná věc je hardwarové vybavení ale když si přinesete vlastní MacBook tak je to super.

1. Locate the FAQ section.		The answer expands smoothly (~0.3s animation), text displays fully without truncation.
1. Click on the question title "Kdo může kurz navštěvoval? Existují nějaké věkové nebo znalostní předpoklady?"		Content matches: "Dětské vzdělávací aktivity máme připraveny pro žáky 1. a 2.stupně ZŠ...".
1. Verify the content of the expanded answer.		The answer collapses, section height reduces. Only this item is expanded (others remain collapsed)
1. Click the same question title again.		All tested questions expand/collapse correctly with matching content.
